Precious victory after 26 long years

By J. Edgar Hoover
 (Editorial Column)

It is a precious victory after 26 long years of struggle for the people of the Philippines to have won a free and fair election and the right to choose their own leaders.

The victory is a precious one because it is the first time in the history of the Philippines that the people have chosen their own leaders.

The victory is a precious one because it is the first time in the history of the Philippines that the people have chosen their own leaders.

Viet boat people's long journey ends at LAX

LOS ANGELES (AP) — A boatload of 100 Vietnamese refugees arrived in Los Angeles today, ending a long journey that began in the Gulf of Thailand.

The refugees, who arrived on a ship named the *Thao*, were taken to the Los Angeles Harbor and then to the Los Angeles International Airport.

The ship was taken to the airport by a tugboat and then to the Los Angeles Harbor. The ship was then taken to the Los Angeles International Airport.

The ship was taken to the airport by a tugboat and then to the Los Angeles Harbor. The ship was then taken to the Los Angeles International Airport.

MAGDALE COURT-MARTIAL

AFP spokesman apologizes

By Benito Singson

A spokesman for the Armed Forces of the Philippines (AFP) has apologized to the public for the death of a young woman, Magda Dela Cruz, who was killed by a stray bullet during a military exercise.

The spokesman said that the incident occurred during a live-fire exercise at a training area near the town of Marikina. He said that the bullet was fired from a rifle by a soldier who was part of a rifle platoon.

The spokesman said that the soldier who fired the bullet was not part of the rifle platoon that was assigned to the exercise. He said that the soldier was part of a different unit and was not supposed to be there.

The spokesman said that the incident was a tragedy and that the AFP was sorry for what happened. He said that the AFP was taking steps to prevent such incidents from happening again.

The spokesman said that the AFP was conducting an investigation into the incident. He said that the investigation was still ongoing and that the results would be made public as soon as they were available.

The spokesman said that the AFP was committed to the safety of the public and that it was taking all necessary steps to ensure that such incidents do not happen again.

The spokesman said that the AFP was taking steps to ensure that all soldiers were properly trained and that they were following the rules of engagement. He said that the AFP was also taking steps to ensure that the public was kept safe during military exercises.

Search goes on for hurricane victims

NEW ORLEANS—RESCUE HELICOPTERS BOOED BY THOUSANDS OF ANGRY PEOPLE STAYED AND CONTINUED TO SEARCH FOR MISSING PERSONS AS STORMS DEVASTATED BY HURRICANE KATRINA A FEW DAYS AGO, IN SEARCH OF SURVIVORS AMONG RUINED HOMES.

Rescue helicopters were booed by thousands of angry people as they searched for survivors in the aftermath of Hurricane Katrina. The helicopters were seen flying over the city of New Orleans, Louisiana, on Tuesday, September 12, 2006. The helicopters were seen flying over the city of New Orleans, Louisiana, on Tuesday, September 12, 2006. IRA gives up its weapons in historic move

WASHINGTON—The U.S. Supreme Court on Tuesday ruled that the federal government can seize the weapons of the Irish Republican Army (IRA) without compensation, a historic move that could set a precedent for other groups.

The Supreme Court's decision, which was a 5-4 ruling, was a landmark victory for the federal government. It allowed the government to seize the weapons of the IRA without compensation, a move that could set a precedent for other groups.

■ **Abstract**—The purpose of this study was to determine the effect of a 10-week, 1000 kcal energy deficit diet on the body composition and physical fitness of obese women. The study was a randomized, controlled trial. The subjects were 20 obese women who were randomly assigned to either a diet or a control group. The diet group was instructed to consume 1000 kcal less than their maintenance level, while the control group was instructed to consume their maintenance level. The study was conducted over a 10-week period. The results showed that the diet group lost significantly more weight and body fat than the control group. The diet group also showed significant improvements in physical fitness, including increased endurance and strength. The control group showed no significant changes in body composition or physical fitness. The study concluded that a 10-week, 1000 kcal energy deficit diet is effective in reducing body weight and body fat, and improving physical fitness in obese women.

The figure is a map of the northern Adriatic region. It shows the coastline of Italy to the north and east, and the coast of France and Spain to the west and south. A star marks the location of the sampling station in the central part of the Adriatic. The map includes latitude lines (44°N, 45°N, 46°N) and longitude lines (10°E, 12°E, 14°E). A scale bar at the bottom indicates distances in kilometers (0, 50, 100 km).

[illegible]

Figure 1 is a line graph showing the percentage of total protein in the supernatant fraction versus the percentage of total protein in the pellet fraction for various proteins. The y-axis is labeled 'Supernatant (%)' and ranges from 0 to 100. The x-axis is labeled 'Pellet (%)' and ranges from 0 to 100. A diagonal line represents the 1:1 relationship. Data points for various proteins are plotted, with some labeled with their names: BSA, IgG, and others. The legend indicates that open circles represent 'Control' and filled circles represent 'Treated'.

2 firms seen investing in Indapio project

By Darwin S. Bialik

Two firms are seen investing in the Indapio project, a major infrastructure project in the Philippines. The project is expected to be completed by 2015. The firms are expected to invest a total of \$1 billion in the project. The project is expected to create thousands of jobs and improve the transportation infrastructure in the Philippines.

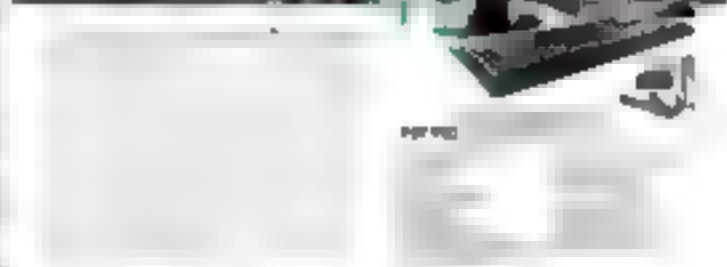

Transport officials proposing development of LRTA property

By Darwin S. Bialik

Transport officials are proposing the development of LRTA property. The proposal is expected to be approved by the board of directors of the LRTA. The development is expected to include the construction of new stations and the expansion of existing ones. The LRTA is expected to invest a total of \$1 billion in the development. The development is expected to create thousands of jobs and improve the transportation infrastructure in the Philippines.
